

**Program Name:** Soil Survey  
**Project Name:** Soil Survey Update for the Everglades Agricultural Area  
**Project ID:** 4103  
**Lead Agency:** Natural Resources Conservation Service  
**Authority:** Public Law 46  
**Funding Source:**

**Strategic Plan Goal(s) Addressed:** Other

**Measurable Output(s):** Acres Mapped

**Project Synopsis:** This project will produce an updated comprehensive soil survey of the Everglades Agricultural Area (EAA). The project is designed to produce a spatial representation of the soils on approximately 700,000 acres, and a detailed description of each soil's profile. The current soil survey is over 20 years old. Significant changes have occurred due to organic soil subsidence and changes in landscape features. This project will provide an effective conservation planning tool for on-farm decision making that will contribute to over-all ecosystem restoration efforts.

**Current Status:**

**Cost:**

Total:

\$2,100,000

Project Development:

\$2,100,000

Land Acquisition:

Implementation:

Operations and maintenance:

**Project Schedule:**

Start Date: 2007

Finish Date: 2017
