

Restoring America's Everglades

*Transforming
the Picayune Strand*

Please join us

As we break ground on the second major federal construction contract for the Picayune Strand Restoration Project – the **Faka Union Canal Pump Station**.

This event will take place

Friday, February 18, 2011

10 - 11:30 a.m.

Everglades Blvd. S & 52nd Ave. SE

Naples, FL 34117

Together, the federal government and state of Florida are transforming this area into an ecological gem, where the endangered Florida panther and other native plants and animals may once again thrive. Overland water flows will benefit the coastal estuaries and surrounding parks and wildlife preserves, as well as recharge the aquifer.

Please RSVP by Monday, February 7, by calling (561) 472-8885 or click the link below to respond electronically.

An optional bus tour of the project site is available following the ceremony. The tour will take approximately one hour and participants will not leave the bus. Approximately 60 seats are available.
