Diagram of the Overall Vision for a Completed 15 Mile Baywalk and Riverwalk.

This includes the Miami River Commission's Miami River Greenway Plan for the 5.5 mile length of the Riverwalk.

The Bayfront – Existing Conditions

The Current Conditions

PRIVATE LAND—COMPLETELY BUILT

Baywalk / Riverwalk — completely built — on private land
Owned by an individual corporation or a condominium association.

PUBLIC LAND—COMPLETELY BUILT

Baywalk / Riverwalk — completely built — on public land
Owned by the City of Miami, Miami Dade County, the State of Florida,
or the US Government.

PRIVATE LAND—UNOBSTRUCTED IMPLEMENTATION

Baywalk / Riverwalk — not built — on privately owned land
The current existing condition allows for unobstructed access and rudimentary
construction and implementation procedures.

PUBLIC LAND—UNOBSTRUCTED IMPLEMENTATION

Baywalk / Riverwalk — not built — on public land
The current existing condition allows for unobstructed access and rudimentary
construction and implementation procedures.

PRIVATE LAND—DIFFICULT TO IMPLEMENT

Baywalk / Riverwalk — not built — on privately owned land
The condition presents obstructed access along the shoreline, requiring extensive
design and construction procedures required for implementation.

PUBLIC LAND—DIFFICULT TO IMPLEMENT

Baywalk / Riverwalk — not built — on publically owned land
The condition presents obstructed access along the shoreline, requiring extensive
design and construction procedures for implementation.
