

Lake Okeechobee Watershed Project Configuration Summary Sheet

Configuration Name: Establish a Unique and Descriptive Name of the Proposed Configuration.
Kitchen Sink

Author(s) of the Configuration: Identify the name of the Authors that developed the Configuration during the exercise.
Ed Tamson TRCP
Gary Jennings ASST
Scott Green C&A
Dawn Shinnells ER
John Wolschlagel F&CU

Configuration's General Description: This description should be able to convey the general aspects, elements, and general location of management measures in this configuration.
Land swaps for contiguous land for combo of Deep + Shallow
- expand if land acq possible from willing seller
Wetland restoration along Kissimmee + Nubbins Slough w
~ 20 ASR wells total
avoid pristine functional habitat destruction
limited deep storage
Explore options around reconnecting to pump north to St. John

Management Measures: List the management measures used in the configuration (Reservoirs, ASR, Wetland/Floodplain Restoration).

How Water Flows Through the Configuration: This description should identify the travel route of the water that the configuration will be managing. Identify where the water is coming from and where it goes. Generally describe how the water gets from the originating water source (for example, which existing canals/tributaries are used or if new conveyance features are needed) to the final destination of the water.

Objectives: Identify and prioritize (rank) the specific LOWP Objectives that the configuration is intended to meet (use the list of Objectives as needed).

no loss of functional habitat

Don't waste water unnecessarily or
compound water quality

Anticipated Benefits General Description: Identify why the Author(s) chose the features in the configuration. List, prioritize and provide a general description of any benefits anticipated from the Proposed Configuration.

Include recreational use/benefits

Operating Assumptions General Description: List anything specifically that the Author(s) want relative to the operation of the configuration.

Other Key Elements: List the main Considerations that have not been mentioned elsewhere on this form. Examples may include potential Recreational Opportunities or Concerns.
