

EVERGLADES

Restoration Projects Since 2011

Map Number	Project Name	Storage (Acre Feet)	TP Removed Annually (Pounds)	Wetland Restoration (Acres)	Other	Construction Completion
1	Taylor Creek Stormwater Treatment Area (STA)	200	4,000	190	Water Quality Treatment for Lake Okeechobee	2011
2	Biscayne Bay Wetland Restoration - Deering Estates			350	Coastal Wetland Restoration and Protection	2012
3	Florida Bay Hydrologic Restoration/ C-111 Spreader Canal	1,500		1,500	Hydrologic Enhancement for Everglades National Park (ENP)	2012
4	Lakeside Ranch STA - Phase 1	1,500	31,000	1,200	Water Quality Treatment for Lake Okeechobee	2012
5	Lakes Park Restoration Project			40	Wetland Restoration and Water Quality Treatment	2012
6	Melaleuca Eradication and Exotic Plants Research				Invasive/Exotic Species Control	2013
7	Restoration Strategies - Compartment B	9,500	30,000	9,500	Improves Performance of STA 2	2014
8	Restoration Strategies - Compartment C	8,800	14,000	8,800	Improves Performance of STA 5/6	2014
9	Improved Water Deliveries to ENP - WCA 3 Decompartmentalization Physical Model				Hydrologic Wetland Restoration	2015
10	Restoration Strategies - A-1 Flow Equalization Storage Basin	60,000			Storage and Improves Performance of STAs 2 and 3/4	2015
11	Restoration Strategies - Improved Pumping at S-5AS				Improves use of STAs 1 West and 1 East	2015
12	Picayune Strand Wetland Restoration - Manatee Mitigation				18 Acres of Manatee Mitigation Refugia	2016
13	Loxahatchee Hydrologic Protection/ Site 1 Impoundment				Storage, Water Supply and Protection of the Loxahatchee Wildlife Refuge	2016
14	Nubbin Slough Stormwater Treatment Area	780	13,000		Water Quality Treatment for Lake Okeechobee	2016
15	Restoration Strategies - L-8 Canal Structure				Improves Performance of the L-8 Basin to STAs	2016
16	Restoration Strategies - L-8 Flow Equalization Storage Basin	45,000			Storage and Improves Performance of STAs 1 East and 1 West	2016
17	Ten Mile Creek Water Preserve Area	2,500	9,000	130	Storage and Water Quality Treatment for Ten Mile Creek	2017
18	Southern CREW Property Wetland Restoration			4,150	Storage, Restore Historic Flow Patterns, Reduce Discharges to Estero Bay	2017
19	Rolling Meadows Ranch Wetland Restoration		150	2,000	Restoration of Lake Hatchineha	2017
20	C-139 Annex Wetland Restoration			17,900	Preservation and Restoration of Wetlands	2017
21	STA 1 East Repairs & Modifications	5,000	32,000	6,000	Improves Performance of STA 1 East	2017
22	ENP/South Dade Hydrologic Improvement (C-111 Detention Areas)	8,000	4,000		Hydrologic Enhancement for ENP	2018
23	Restoration Strategies - S-375 Pumping Expansion				Improves Performance for STA 1 East	2018
24	Restoration Strategies - STA 1 West Expansion	4,200	60,000		Improves the Performance of STA 1 West	2018
25	Lakeside Ranch Stormwater Treatment Area - Phase 2	1,200	18,000	1,500	Water Quality Treatment for Lake Okeechobee	2019
26	Kissimmee River Restoration	130,000	40,000	20,000	Storage and over 40 Miles of River Restoration North of Lake Okeechobee to Reduce Discharges to Coastal Estuaries	2020
27	Indian River Lagoon - C-44 Reservoir/STA	60,200	59,000		Storage, Water Quality, Water Supply, Flood Protection and Provide Environmental Deliveries to the St. Lucie Estuary	2020
28	Improved Deliveries to ENP - Tamiami Trail 2.6 Mile Bridge				Restoration of ENP	2020
29	Picayune Strand Wetland Restoration			55,000	Restoration of Picayune State Forest	2020
30	C-43 Water Quality Treatment & Testing Facility	200			Nitrogen Reduction for the Caloosahatchee Estuary	2020
31	Biscayne Bay Wetlands Restoration - L-31			1,400	Coastal Wetland Restoration and Protection	2021
32	Caloosahatchee Estuary C-43 West Basin Storage Reservoir	170,000	18,000		Storage, Water Supply, Flood Protection and Provide Environmental Deliveries to the Caloosahatchee Estuary	2024
33	Restoration Strategies - Bolles Canal Hydrologic Improvement				9 Miles of Canal Restoration and Hydrologic Enhancement	2024
34	Herbert Hoover Dike Rehabilitation				Rehabilitation of 32 Structures and 143 Miles of the Earthen Dam	2025
35	Lake Hicpochee Hydrologic Restoration	1,300			Restoration of Lake Hicpochee and Improves Water Quality to C-43 Canal	2020
36	Central Everglades Project - Old Tamiami Trail Removal				Hydrologic Restoration of ENP	2022
37	Broward County Water Preserve Areas	11,600		7,100	Hydrologic Enhancement for WCA 3	2029
