

Acceler8 Anniversary Detailed Accomplishments

Biscayne Bay

- Initial Design Work Order
- Initial Geotechnical Investigation
- Seepage Analysis Technical Memo
- Canal Model Summary Technical Memo
- Criteria Committee Meeting (CCM) 2 Day Workshop

C111 Spreader Canal

- Initial Design Work Order
- Evaluated Potential Components for Acceler8 Project
- Seepage Technical Memo
- H&H Canal Technical Memo

Picayune Strand

- Initial Design Work Order
- Hydraulic Modeling QA/QC Technical Memo
- FDEP 1501 Approval
- Pump Station Criteria Committee Meeting (CCM) Workshop
- Pump Station Geotechnical 404 Permit Approved
- Basis of Design Report (BODR) for Pump Stations
- Technical Review Briefing on BODR for Pump Stations
- Prairie Canal 404 Permit Approved
- Final Drawings Prairie Canal Construction

C-43 West Storage Reservoir

- Geotechnical Report
- Basis of Design Report
- Test Cell Water Quality Monitoring Plan
- Applied for Test Cell 404 Permit
- Final Test Cell Construction Documents

Acme Basin B

- Seepage Analysis Technical Memo
- Geotechnical Report
- Survey C-1 Canal
- Criteria Committee Meeting (CCM) Workshop
- Basis of Design Report (BODR)
- Technical Review Briefing on BODR
- Applied for 404 Permit

Site 1 Impoundment

- Wave Run-up Technical Memo
- Geotechnical Report
- Criteria Committee Meeting (CCM) 2 Day Workshop
- Pumping and Discharge Facilities Technical Memo
- Backup Power Alternatives Evaluation Technical Memo
- Applied for 404 Permit
- Initiated DOI Land Use Change

C-44 Reservoir

- FDEP 1501 Approval
- Final Capacity Estimate Report
- Complete Survey
- Draft Geotechnical and Geologic Site Characterization Report
- Reservoir Water Quality Workshop
- Final Reservoir Water Budget Model Technical Memo
- Applied for Test Cell 404 Permit
- Draft Test Cell Construction Drawings
- Draft Test Cell Operations Plan

EAA Reservoir A-1

- Test Cell 404 and 1502 Permit Issued
- Test Cell Construction Complete
- Final Test Cell Program Technical Memo
- Criteria Committee Meeting (CCM) 2 Day Workshop
- Basis of Design Report (BODR)
- Initiated FDEP 1501 Approval
- Applied for FDEP 1502 Seepage Canal Permit
- Applied for Reservoir 404 Permit
- Applied for DOI Land Use Change

EAA STA Compartment B

- Approved 404 Permit for Cell 4
- Approved DOI Land Use Change for Cell 4
- Applied for EFA and NPDES Permits Cell 4
- Basis of Design Report (BODR)
- Technical Review Briefing on BODR
- Preliminary Engineering Documents for Cell 4
- Intermediate Engineering Documents for Cell 4
- Final Engineering Documents for Cell 4
- Final Construction Documents for Cell 4
- Issued Demolition Construction Contract
- Issued Two (2) Site Preparation Construction Contracts
- Technical Review Briefing on Final Cell 4 Construction Docs

EAA STA Compartment C

- Applied 404 Permit 6-2 and 5-3
- Initiated DOI Land Use Change for 5-3 and Build-out
- Applied for EFA and NPDES Permits
- Basis of Design Report (BODR)
- Technical Review Briefing on BODR
- Preliminary Engineering Documents for 6-2 and 5-3
- Intermediate Engineering Documents for 6-2 and 5-3
- Final Engineering Documents for 6-2

EAA Reservoir – Bolles & Cross Canals

- Water Quality Sampling
- Sediment Sampling
- Survey Cross Sections

EAA STA Feasibility Study

- Feasibility Study Report

WCA 3A & 3B Seepage

- Initiated FDEP 1501 Approval
- Applied Geotechnical 404 Permit
- Initial Design Work Order
- Initiated Survey Work
- Initiated Geotechnical Work

WCA C-11 Impoundment

- Initiated FDEP 1501 Approval
- Initial Design Work Order
- Initiated Geotechnical Work
- Initiated Survey Work

WCA C-9 Impoundment

- Initiated FDEP 1501 Approval
- Initial Design Work Order
- Initiated Geotechnical Work
- Initiated Survey Work
