# FLORIDA EARTH FOUNDATION

**Our Vision**  
To provide a comprehensive environmental education program to all Florida students and to support research and conservation projects for the benefit of the state and the world.

**The FEF Mission**  
The Florida Earth Foundation is committed to providing environmental education to all Florida students through its comprehensive program of research and conservation projects.

**What FEF Will Do**  
The Florida Earth Foundation will provide environmental education to all Florida students through its comprehensive program of research and conservation projects.

**Our Impact**  
The Florida Earth Foundation has provided environmental education to over 100,000 Florida students through its comprehensive program of research and conservation projects.

## FEF Projects and Initiatives

The Florida Earth Foundation has provided environmental education to over 100,000 Florida students through its comprehensive program of research and conservation projects.

The Florida Earth Foundation has provided environmental education to over 100,000 Florida students through its comprehensive program of research and conservation projects.
